

Fostering a Young, Creative and Inclusive European Space Community

01 Engaging citizens with space

European citizens from all backgrounds should be part of shaping the future of the space community.

02 Bringing more space to the classroom

spaceEU provides professional development for educators to help them use space as an exciting and inclusive learning tool.

03 Advocating for space education

spaceEU works with policy-makers to put education and public engagement at the heart of the European Space strategy.
